SummerTASTE

Que Syrah Shiraz

Thank you for joining us tonight.

Please keep your wrist bands on after the event – We get VIP treatment over at MORELS FRENCH STEAKHOUSE AND BISTRO after the event

Some things to consider ABOUT Syrah.....

Syrah is the same as Shiraz, taken from the town of Shiraz, in Iran and the french pronounce it Syrah... famous in France's RHONE VALLEY; thus, it is considered a RHONE varietal – but it's not alone in the Rhone, there are 22 Rhone different grapes!

Petite Sirah is confusing because it is not Petite at all, nor is it Syrah (note the spelling) – it is a grape called DURIF (a hybrid of Syrah and Peloursin – from 1880)

Tonight – as you taste – see if the wine falls into one of two areas (or a blend of both styles)

- a. "Old world" style: earthy, meaty, gamey, smoky and have a note of coco, and pepper
- b. "New world" style: black fruits, pepper, roasted qualities, tends to be black or blue more than red in glass
... Both styles tend to share the blueberry fruit character and black pepper

While our brand name is LearnAboutWine... tonight is about "doing"... because you can learn by tasting and discussing... This is a social tasting, and a great way to make friends, learn about wine and taste with the professionals....

TO FURTHER YOUR EDUCATION – COME TAKE A CLASS WITH LEARNABOUTWINE

Wine Camp is a great place to start... or for the more advanced – check out PALATE BUILDER!
